### Protect your valuable asset!

Salt, wind, water & birds can play havoc on your boat. A high-quality cover will reduce the wear and tear on your investment.

**Fabric** - Sunbrella fabric, a fabulous choice for mariners, is UV, fade, mold and mildew resistant and has a 10 year warranty.

**Thread** - SolarFix<sup>®</sup> is made of 100% PTFE fiber. It is extremely resistant to harmful UV rays, making it the best for marine applications.

**Hardware** - Everything from zippers to snaps to velcro flaps, our hardware is thoughtfully chosen and attached so it stays in place over time.

**Reinforcements** - We determine areas that will take on extra wear and install PVC patches or leather trim for stability.

**Function** - We design cutouts for your dock lines, shrouds and halyards for minimal water intrusion. Key placement of sand bags, tie points and/or battens, keep your cover in place.

**Fit** - We template every last inch of your boat for an expert, tailored fit.

\*Our creative design and fabrication team will meet all your boat cover needs whether it's a 10 foot dinghy or a 75 foot classic yacht.
