

Marine Enclosures

We make it happen!

WHY?

The Canvas Works.

Craftsmanship

....because we template measure, and plan your space to ensure your enclosure looks and fits the best that it can

Service

....because we provide care, expertise and insight during the fabrication and installation process

Practicality

....because we plan the best way to seam, fasten, zip and secure your enclosure so you have the most efficient and functional space

Enclosing your boat expands your space and ultimately protects your investment for years of enjoyment.

Fabric - Sunbrella fabric, a fabulous choice for mariners, is UV, fade, mold and mildew resistant and has a 10 year warranty.

Thread - SolarFix® is made of 100% PTFE fiber. It is extremely resistant to harmful UV rays, making it the best for marine applications.

Hardware - Everything from zippers to snaps to velcro flaps, our hardware is thoughtfully chosen and attached so it stays in place over time.

Reinforcements - We determine areas that will take on extra wear and install PVC patches or leather trim for stability.

Fit - We template every last inch of your boat for an expert, tailored fit.

Function - We design and construct for minimal water intrusion and maximum protection. Key placement of windows and zippers provide optimal visibility and air flow.

Installation - We finish and install your enclosure to ensure all parts are in place and function properly.

*** Boat enclosures can be complex, whether it's a dodger, aft enclosure with windows or a full boat cover. We are experienced with design, construction and installation to provide you with the best fit possible for long lasting pleasure.**

Need an Enclosure?

- 1 GET AN ESTIMATE:** Visit www.thecanvasworks.com or call 415.331.6527.
- 2 APPROVAL:** Together we approve all your project details so we can order materials and put you on our schedule.
- 3 COMPLETION:** We design, sew and install to insure long lasting pleasure.
