

Residential Enclosures

*** We make it happen!**

WHY?

The Canvas Works.

Craftsmanship

....because we template measure, and plan your space to ensure your enclosure looks and fits the best that it can

Service

....because we provide care, expertise and insight during the fabrication and installation process

Practicality

....because we plan the best way to seam, fasten, zip and secure your enclosure so you have the most efficient and functional space

**Enclose your carport, porch, pool house or even camper!
Protect investments with an exceptionally designed enclosure**

Fabric - Sunbrella fabric, a fabulous choice for outdoors, is UV, fade, mold and mildew resistant and has a 10 year warranty.

Thread - SolarFix® is made of 100% PTFE fiber. It is extremely resistant to harmful UV rays, making it the best for outdoor applications.

Hardware - Everything from zippers to snaps to velcro flaps, our hardware is thoughtfully chosen and attached so it stays in place over time.

Reinforcements - We determine areas that will take on extra wear and install PVC patches or leather trim for stability.

Fit - We template every last inch of your boat for an expert, tailored fit.

Function - We design and construct for minimal water intrusion and maximum protection. Key placement of sand bags, tie points and/or battens, keep your cover in place.

Installation - We finish and install your enclosure to ensure all parts are in place and function properly.

*** Our team has the knowledge and expertise to help design, construct and install your enclosure. We work hard to meet your needs to provide maximum protection and enjoyment.**
