

# Marine Cushions

**We make it happen!**

**Great quality boat seating is critical for both form and function. Our custom marine cushions are handcrafted in Sausalito, CA.**

**Fabric** - Sunbrella fabric, a fabulous choice for marine cushions, is UV, fade, mold and mildew resistant. We also offer a wide array of vinyl fabrics, also a good choice for interior or exterior boat cushions.

**Foam** - We offer a wide range of foam density and thickness to choose from, and custom cut it to fit your boat. We also recover existing foam.

**Thread** - We use thread that is made of 100% Teflon PTFE fiber, making it extremely resistant to UV rays. Its durability makes it the best for all marine cushions.

**Seams** - For every cushion, we over-lock seams with a serger so there will be no fraying after washing.

**Zippers** - Sturdy, easy to use YKK plastic zippers and pulls ensure no rust from the elements.

**Underlining** - When applicable, we fabricate boat cushions with special underlining mesh for superior breathability and moisture control.

**Fit** - We carefully template your vessel to ensure the final cushions are a secure, properly fitted and aesthetically pleasing.

**Our design team has the expertise required to provide top-level seating products, as well as fast, friendly service. We are happy to guide you on design details including style, fabric, foam, and fit.**

## WHY?

The Canvas Works.

### Service
