

Powerboat Enclosures

We make it happen!

Enclosing a powerboat expands the usable space and protects your marine investment for years of enjoyment.

Fabric - Sunbrella and Stamoid fabrics are both fabulous choices for mariners. They are UV, fade, mold and mildew resistant and have a 10 year warranty.

Thread - We use thread that is made of 100% Teflon PTFE fiber, making it extremely resistant to UV rays. Its durability makes it the best for all parts of an enclosure.

Hardware - Everything from zippers to snaps to Velcro flaps, our hardware is thoughtfully chosen and attached so it stays in place and functions properly.

Reinforcements - Areas with potential for abrasion are reinforced in order to protect both the cover and the piece being covered.

Function - We design and fabricate for minimal water intrusion and maximum protection. Key placement of windows and zippers provide optimal visibility, airflow and accessibility.

Fit and Install - We carefully template your vessel to ensure the final installation is secure and functions properly for years to come.

Powerboat enclosures are complex by nature. Our expert team knows the best materials and design no matter what size or type of boat you own. We are experienced with all areas of fabrication and installation to provide you with the best fit possible for long lasting pleasure.

WHY?

The Canvas Works.

Craftsmanship

....because we template measure, and plan your space to ensure your enclosure looks great and fits perfectly

Service

....because we are friendly and talented and provide care, expertise and insight during the fabrication and installation process

Practicality

....because we plan the best way to seam, fasten, zip and secure your enclosure, so you have the most efficient and functional space

Need an Enclosure?

- 1 GET AN ESTIMATE:** Visit www.thecanvasworks.com or call 415.331.6527.
- 2 APPROVAL:** Together we approve all your project details so we can order materials and get your boat in our slip.
- 3 COMPLETION:** We design, fabricate and install your enclosure to ensure long-lasting protection and usability.
