

Residential Cushions

We make it happen!

WHY?

The Canvas Works.

Service

...because our turn-around time is fast and we provide care, expertise and insight during the fabrication process

Design

...because we address all the details that make your cushions comfortable, beautiful, and durable

Craftsmanship

...because we template, measure, and plan your seating to ensure your cushions look beautiful and fit perfectly

Great quality seating is critical for both form and function. Our custom seating is handcrafted with care in Sausalito.

Fabric - Sunbrella fabric, a fabulous and reliable choice for indoor and outdoor applications, is UV, fade, mold and mildew resistant and has a 10 year warranty.

Foam - We offer a wide range of foam density and thickness to choose from, and custom cut for your indoor or outdoor space.

Thread - We use thread that is made of 100% Teflon PTFE fiber, making it extremely resistant to UV rays. Its durability makes it the best for all cushion applications.

Seams - Our seams are sewn with precision and always over-locked with a serger to prevent fraying after washing.

Zippers - Sturdy, easy to use YKK plastic zippers and pulls ensure no rust from the elements.

Details - We can craft cushions with special design elements that cater to your style. These include features like piping, buttons, ties and hinging as well as custom shapes and sizes.

Most cushion projects require us to visit your site for precise templating and measuring. Come to our shop and our expert creative team will be happy to guide you on design details including style, fabric, foam and fit.
