

Home & Garden Enclosures

We make it happen!

Enclose your carport, porch, pool house or even camper! Protect investments with an exceptionally designed enclosure.

Fabric - Sunbrella and Stamoid fabrics are both fabulous choices for residential enclosures. They are UV, fade, mold and mildew resistant and have a 10 year warranty.

Thread - We use thread that is made of 100% Teflon PTFE fiber, making it extremely resistant to UV rays. Its durability makes it the best for all types of enclosures.

Hardware - Everything from zippers to snaps to Velcro flaps, our hardware is thoughtfully chosen and attached so it stays in place and functions properly.

Enclosure - Depending on your choice of clear view vinyl, we create precisely fitted window panels so your space is protected and your enclosure is adaptable to meet your needs.

Function - We design and construct for minimal water intrusion and maximum protection. Key placement of windows and hardware provide optimal visibility, airflow and accessibility.

Fit - We carefully measure, template, and design your space to ensure the final enclosure is secure, easy to use and aesthetically pleasing.

Our team has the knowledge and expertise to design, construct and install your enclosure so it is sturdy and aesthetically appealing. We work hard to meet your needs.
