

# Shade / Screen / Curtain Panels

## WHY?

The Canvas Works.

### Customization

...because we create your panels to fit your space whether they are for shade, beautification, protection or privacy

### Design

...because we address all details that will make the final panels look amazing and function properly

### Practicality

...because we plan the best way to fabricate, fasten, and install your panels so you have the most functional and easy-to-use product

**We make it happen!**

**Fabric panels are a fabulous way to provide shade or privacy, create a divider, or add an artistic touch to a space.**

**Fabric** - Sunbrella fabric, a fabulous and reliable choice for indoor and outdoor applications, is UV, fade, mold and mildew resistant and has a 10 year warranty.

**Thread** - We use thread that is made of 100% Teflon PTFE fiber, making it extremely resistant to UV rays. Its durability makes it the best for indoor or outdoor panels.

**Hardware** - We thoughtfully select and attach high quality hardware whether you want a fancy roller shade or a sturdy, fixed panel.

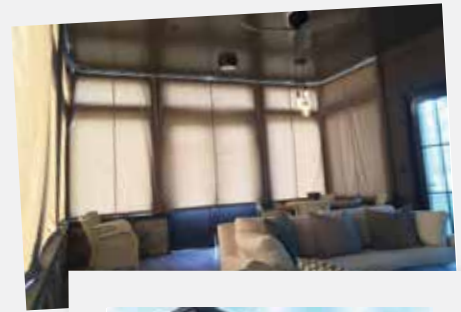

**Function** - We construct all types of shades, screens and curtains with extra attention to the details that make your panel fit perfectly and work properly.

**Details** - Our team works closely with you to create expertly designed panels that cater to your needs whether it is diffusing light, gaining privacy or shade or blocking an unsightly area.

**Fit** - We do on-site measurements of your space to ensure your final panels are installed securely and look great.

**We have many different options for hardware and installation techniques for any of the following panels:**

- Indoor/Outdoor Curtains**
- Roman Shades**
- Privacy Screens**
- Roller Shades**
- Fixed Panels**
