

**The CanvasWorks™**  
SAUSALITO, CA

**Installation Technician – Marine and Non-Marine Canvas Projects**

The Canvas Works, on the water in Sausalito, specializing in custom canvas fabrication for marine and other applications, is seeking a skilled craftsman for a field and in-house technician position with our busy team. This job is full time, weekdays 8:00 am to 4:30 pm.

**Responsibilities:**

- Review customer and project details
- Install canvas covers and structures on boats, homes, and commercial buildings
- Oversee and organize shop mechanical areas, supplies and equipment
- Perform routine sewing machine maintenance and troubleshooting
- Demonstrate proficient operation of hand and power tools
- Safely operate company vehicles

**Requirements:**

Qualified candidates have solid mechanical skills, be proficient using hand and power tools, and demonstrate the ability to accurately measure, plan and mark to install fasteners, handrails, tracks, cleats, pulleys, and other hardware on a variety of surface materials. Successful applicants are creative problem solvers, able to work independently with unfailing attention to detail while working collaboratively with a highly competent, experienced team.

The Canvas Works provides employees with medical benefits, paid holidays, vacation and sick time, retirement plan contribution, and wages commensurate with experience.

To apply, please send your resume to [lisa@thecanvasworks.com](mailto:lisa@thecanvasworks.com).
